The United Church of Canada announced an **Emergency Appeal for the Horn of Africa** in July because this crisis is the biggest that East Africa has ever experienced, and much will need to be done over the coming weeks, months and years to help people caught up in this tragedy. All donations received in this appeal go directly to the work being done.

As a church, we are committed to working in partnership with others around the world, not only in emergency situations like the Horn of Africa right now, but in the longer term to help people build self-sufficient communities.

The Horn of Africa We Can Help!

Your donation is needed right now and will be applied directly to support United Church partners working in the Horn of Africa.
